

**ATTESTATION**  
**30/HWPW/AT-02/ULEF**

In compliance with the US Environmental Protection Agency (EPA), according to the Toxic Substances Control Act Title VI, under section 40 CFR Part 770 - Formaldehyde Emission Standards for Composite Wood Products and the California Air Resources Board (CARB), according to the Airborne Toxic Control Measure (ATCM), TPC-15 AIDIMME, declares that the company indicated below has received a CARB approval for an exemption of EPA/CARB Third Party Certification (TPC) program, in accordance to the following information:

**MADERAS DE LLODIO, S.A.U.**

Camino Santa Cruz, 2  
01400 – Llodio - Álava  
Spain

For the Category of Composite Wood Product:

**Hardwood Plywood HWPW-VC**

For the product name:

**Laudio Pine, Laudio Deco, Laudio Wire, Laudio Form and Laudio Plus ULEF**  
in the thickness range 7 mm up to 40 mm (0,2765 inches up to 1,5748 inches)

According to the Executive Order N-22-468, the products described above fulfil the Ultralow Emission Formaldehyde (ULEF) requirements for formaldehyde emission set out in the EPA TSCA Title VI §770.18 and California Air Resources Board (CARB) regulation §93120, title 17 California Code of Regulations. The approval is limited to the use of the resin and supplier, base resin application rate, added ingredients and operation parameters that has been reported in the application.

This Attestation is valid until the next re-Approval that will take place in December 2024.

Date of issue: 21<sup>st</sup> December 2022

Dra. Rosa Mª Pérez Campos  
Head of Certification Department
