PREMIUM LAMINATED POPLAR PLYWOOD

**Lightweight
and resistant**
Perfect for furniture
and interior
decoration

*Quality that challenges
perfection*

Exceptional lightness

Reduces fuel consumption
and increases payload.

**Premium laminated
finishes**

Exceptional resistance to impact,
scratches, and splitting.

Excellent machinability

for smooth and easy cutting and
handling, with excellent stability
and uniformity.

**Multiply
option with
coloured adhesive,**
enhancing the visual
appearance of the
panel edge.

Ready to use
in applications with
visible edges, no edge
banding required.

PREMIUM LAMINATED POPLAR PLYWOOD

Laminated plywood designed for lightweight interior applications, especially in caravans and camper vans.

Made from lightweight european poplar from sustainable plantations, with **premium-grade** veneers for excellent stability and a uniform surface.

Its composition allows for reduced weight without compromising panel performance, providing excellent machinability and a high-quality decorative finish, **ready to use without edge banding**, and fully compatible with standard interior furniture manufacturing processes.

Available in two versions:

- **Multiply** construction with coloured glue, ideal for applications with visible edges and higher aesthetic requirements.
- **Standard** lightweight and stable construction, designed for functional decorative applications in interior furniture and interior fitting.

Applications:

Interior furniture for caravans and camper vans, such as cabinets, modules, and fronts, as well as decorative elements and lightweight interior panels.
