ultra-smooth

## PREMIUM LAMINATED POPLAR PLYWOOD

Laminated plywood designed for lightweight interior applications, especially in caravans and camper vans.

Made from lightweight european poplar from sustainable plantations, with **premium-grade** veneers for excellent stability and a uniform surface.

Its composition allows for reduced weight without compromising panel performance, providing excellent machinability and a high-quality decorative finish, **ready to use without edge banding**, and fully compatible with standard interior furniture manufacturing processes.

Lightweight and stable, designed for functional decorative applications in interior furniture and interior fittings.

### Applications:

Interior furniture for caravans and camper vans, such as cabinets, modules, and fronts, as well as decorative elements and lightweight interior panels.

Lightweight, and  
stable construction
